WRANGLING IN BROOKLYN,

ANOTHER FOOLISH BASEBALL FIGHT.

THE HOME TEAM BEATEN BY BAD MANAGEMENT

-LEAGUE AND OTHER RECORDS. Brooklyn-Columbus baseball garae at Washingon Park, Brooklyn, yesterday was a mild counterpart of the recent Brooklyn-St. Louis squabble. It was simply another case of incompetent umpire, bad management, quarrelling players and demonstrative spectators. Had the game been started half an hour earlier, as it should have been, there would probably save been no trouble, and the home team might not

About 2,400 spectators were present. The Colum bus men started the game with three runs and then the trouble began. The visiting players began to gibe the unpire from the players' bench and after Henkle had fined O'Connor and Baldwin 85 each and Mart \$10 quiet was restored for a few minutes.

the second inning trouble sprang up again and sted right through the game. Burns was declared ent at third base and the player objected so forcibly hat he not only was fined \$10, but was ordered out of the game. Visner took his place in right field. continued his stumbling career by ordering Pitcher Baldwin out of the game in the eighth inning and Easton was substituted.

The home players had scored two runs in the seventh inning. At the end of the eighth the Columbus men protested against beginning the ninth, but Umpire Henkle compelled them to go on. In the first half Brooklyn got a run and tied the score. Henkle then called the game, throwing the game back to the eighth or completed faning.

A howl of dismay went up from the crowd at this decision and a wild rush was made for the umpire. The police and players quickly surrounded the umpire, and Henkle was got safely to the club-house. The crowd then cooled down and quietly dispersed. Henkle's resignation should be called for, as he is en-

Henkle's resignation should be called for, as he is entirely incompetent. When he called the game in the ninth he thought it was the close of the inning and that the score was a tie.

The Columbus players took the lead at the start by scoring three runs. The Brocklyn men failed to score until the seventh inning, when they sent two men around the circuit. Pinkney was sent to first on called balls and Corkhill got a "life" in the same way. A wild pitch advanced each a base. Clark's way. A wild pitch advanced each a base. Clark's sacrifice allowed Pinkney to score and a similar play by Smith put Corkhill across the plate. The score was as follows:

The rumors from the West regarding the Brotherhood syndicate scheme have caused some talk among the followers of the game in this neighborhood. The dispatches vesterday mentioned that Mayor Grant and Postmaster Van Cott were the New-Yorkers interested in the syndicate. Mayor Grant is still on his vacation in the Adirondacks and could not be seen. Secretary Crain, however, said that he did not believe that the Mayor was interested in any such scheme. Postmaster Van Cott said yesterday: "I have never been spoken to on the subject by any one. I have not looked into the scheme as published, but I have no doubt that there might be money in it."

THE BROOKLYN-ST. LOUIS GAMES. Cincinnati, Sept. 23.-The grievances arising fro the acts of the rival clubs in the American Association, the Brooklyn and the St. Louis, were under examination here to-day by the board of directors of th Association. The first case considered was the with-drawal of St. Louis from the Brooklyn grounds on September 7. John J. O'Neill and Judge Scott as und the case for Von der Ahe and Mr. Byrne presented his own side himself. When the arguments were over the directors took up the consideration in executive session, everybody else withdrawing from the room. After a long debate it was decided that the first Brooklyn-St. Louis game should be given to St. Louis, as it was the opinion of the deterates that when the St. Louis players left the field it was too dark to play. The Sunday game at Ridgewood was given to Brooklyn by forfelt and the st. Louis clubwas fined \$1,500 for not reporting at the grounds.

THREE STRAIGHT FOR NELSON.

HE EASILY WINS THE GREAT STALLION RACE.

THE PRIDE OF MAINE GETS \$5,000 WITHOUT MUCH EXERTION-DETAILS OF THE RACE.

(BY TELEGRAPH TO THE TRIBUNE.) Boston, Sept. 23.—The long-talked-of and thrice postponed stallion race for \$10,000 was trotted this cool autumnal atmosphere not conducive to the highest speed. It was not an exciting race in any sense although interesting enough to attract about 10,000 people, including a large number from Maine. If th race could have been trotted on its original date, last Wednesday, there would have been a much larger ent, for about 8,000 men from the Dirigo State came to Boston to see the pride of Maine, the beautiful bay stallion Nelson, carry off the honors. They could not afford for the most part to wait in Boston for fair weather. But it was evident to-day that there work in every heat was loudly applauded. He did not break in either of the three heats trotted, and it was evident that his owner, Charles H. Nelson, who drove his own horse, although Budd Doble was advertised to drive, did not get all the speed out of the bay that he might have done, but he won the race in three straight heats and his owner carried off \$5,000, his share of the purse, not to mention possible sums from the pool boxes.

Nelson was the favorite with the pool buyers, se

for \$100 to \$25 for the field and after the second heat few buyers were willing to risk even \$10 on the

For the purpose of entertaining the spectators between the stallion heats a pacing race was introduced. The contestants were W. M. Leets's b. m. Allen Maid, W. H. Hill's c. m. Wickopee, and John E. Turner's Indianapolis, Sept. 23 (Special).—President Day, of the New-York club, says that there is no truth in the report about the formation of a new baseball association, composed of all the Brotherhood players, as a rival of the League. "It is simply the idea of a few tranks and newspaper writers," he declared to-day, "and I know that there is nothing in it." John M. Ward, the president of the Brotherhood, also says that the reports are not true.

b. g. Gossip, ir. Allen Maid easily won the first heat in 2:18 3-4, Wickopee second and Gossip purposely allowed his horse to favel along through the entire heat, for he won the three last heats without much urging, winning first money; Allen Maid second and Wickopee third. Time—2:18 3-4, 2:18 1-4, 2:20.

The chief interest, of course, was in the stallion race. There were five starters, Charles H. Nelson's b. h. Nelson, T. H. Noble's g. h. Alcryon, John May's

race. There were five starters, Charles H. Nelson's b. h. Nelson, T. H. Noble's g. h. Alcryon, John May's br. h. Pilot Knox, John Carey's c. h. Nomemont, and P. S. Siatter's b. h. Granly. Alcryon got the pole, Knox second, Nelson third, Granby fourth and Junemont on the outside. After the Binth scoring the word "go" was given. Nelson shot ahead, followed by Alcryon. At the quarier pole the position of the horses was as follows: Nelson, Alcryon, Phot Knox, Junemont, After passing the three-quarter pole, Alcryon gained rapidly on Nelson, putting his nose beside the bay's wheel and struggling hard as they swept in the homestretch to get the lead. The bay's pace was too fast for the gray, however, and Nelson won the race by about two lengths in 2:18-12. Alcryon second, Phot Knox dired, Junemont fourth, Granby last.

On the second heat the horses all passed the judges' stand in a row, but Nelson forget ahead, and at the first turn showed a length of daylight between himself and Alcryon. The positions at the quarier-pole were Nelson, Alcryon, Junemont, Knox, Granby. At the three-quarter pole, Alcryon was again forced up to Nelson's wheel and clung there for a couple of seconds, when he dropped back and although he made a push when turning into the homestretch, he could not keep up his pace. Nelson won by two or more lengths, Alcryon second, Junemont third, Pilot Knox fourth, Granby last. Time-2:17-1-4.

In the last heat Alcryon behaved badly, breaking soon after the start, and again as he entered the homestretch. He pressed Nelson very hard as usual on the beginning of last quarter, but his break set him behind the slowest horse in the race, and he barely saved his distance. The positions at the finish were Nelson. Pilot Knox, Junemont, Granby, Alcryon, Time-2:18-3-4. The first quarter in each heat was made in 34 seconds, and the fastest half was made in the second heat-1:07-3-4.

Nelson gets first money, Alcryon second, Pilot Knox third, Junemont fourth.

FIGHTING FOR A RAILWAY FRANCHISE. TO PAY THE CITY THE GROSS RECEIPTS FOR

THE RIGHT TO OPERATE A ROAD. . The franchise for a street railroad in Montague-st. from Court-st, to the top of the hill leading to Wall-st. ferry, was sold at anotion yesterday by the city to the porations were seeking it, one the Wall Street Ferry Company and the other the Brooklyn Heights Comto take the body to Coroner Homeyer's place, at Ridge- pany. The latter is the assignee of the Covered Tube Railroad Company, which claims to have the right from the Pierrepont estate to the private portion of the street, from the top of the hill to the ferry. At a previous sale the Wall Street company offered 95 per cent of its gross receipts, and the Montague Stree Company offered 100 per cent. Then the Wall Street Company offered 100 1-2 per cent. The sale was adjourned at this point until yesterday.

At the opening yesterday it was announced for the Controller that no bid in excess of 100 per cent would be received, and the successful bidder must give a bond in \$25,000. The Wall Street Company then withdrew its former bid and offered 100 per cent of the gross receipts. The representative of the Montague the gross receipts. The representative of the Montague street Company asserted that it was the first bidder at that figure and must have the tranchise. He accepted the new conditions. Corporation Counsel Jenks advised the Controller that this was the fact and the Controller so awarded the franchise. The matter is already in the courts and will be carried further. It is asserted that the company proposes to charge fare for the portion of the road over the private property of the Pierrepont estate and carry passenters free on the portion of the road for which it gains the city franchise, and thus 100 per cent of the gross receipts from that portion will be nothing.

The first day of registration occurs to day. from 3 to 10 p. m. in all parts of the city. GRAIN AND PRODUCE MARKETS.

FEATURES OF NEW-YORK DEALINGS. The wheat market displayed considerable firmness yesterday, being borne up by a general feeling of confidence in the situation, in spite of some influences which exerted themselves on the bear side. The amount of business done was again small, the aggre-gate not exceeding 1,000,000 bushels and the greater part of this was accomplished in the last hour. The receipts both here and in the West continued large, and stocks in store at New-York showed a substantial increa-e, but neither of these influences had any marked effect on prices. Cable advices on the other hand were stronger, and with free buying by prominent people in the West, contributed to a general rise. The visible supply statement was encouraging too; it showed a nominal increase of about 1, 500,000 bushels, but the actual increase was only 800,000 bushels, owing to the fact that 700,000 bushels which tad been rejected a fortnight ago were restored to the stock in Minneapolis and appeared in this

week's statement. October opened at 84 13-16 and December at 87 1-8 cents. This was followed by a decline of 1-8214 cent, but later in the day the West made a decided gain and the local shorts became frightened, leading to an advance of 1-2#3-4 cent. October sold up to 85 5-16 and December to 87 5-8 cents, closing a shade

THE TRADE IN CHICAGO. Chicago, Sept. 23 (Special).—Hutchinson to-day had no difficulty in advancing wheat. It is control of Sep-tember and October, made so apparent by the case with which he marked the price up or down 2 cents with which he marked the price up or down 2 cents at a time, had so alarmed short sellers that to-day on each little show of buying by him they tambled over each other to get out even of their December sales. So complete did the alarm among the bears become that, although thrichmon sold from 1,000,000 to 1,500,000 bushels of wheat openly and through brokers, and although there was a vast amount of liquidation by many lesser built, the price actually kept on advancing through all this selling, and closed almost at the top. December opened at 80 cents, sold between 70.7-8 to 80 and 81 cents, and closed at 80.7-8. Corn advanced a little in sympathy with wheat. May opened at 33.5-8 cents, closing at 33.7-8. Oats, like corn, sympathized a little with wheat. Provision mensaid that they did not remember this year as dull a day as this. The October pork deal was neglected, there being but two quotations in it. Just at the close Armour & Co, relieved the tedium by running september ribs from 84-95 to 85-12-2. October pork opened at \$10.85 and closed at \$9.17-12. On the curb, December wheat was strong. It sold at \$11-8.
